

03.05.2012

8:00

Registration of participants

9:00

Welcome addresses from Romania, Dragos Weiss, Roberto Pavesi, Frank Meier, ...

10:00

[State of play of GMES activities in Romania](#) Romanian Space Agency

10:15

State of play of GMES and its Components:

- General Overview of GMES and the GMES Services

Aernoudt, Rudy

- [The GMES Space Component](#)

Beer, Thomas

- [The GMES In-situ Component](#)

Zeug, Gunter

11:15

Coffee break

11:25

State of play of the GMES Services:

- [Land Monitoring](#)

Dufourmont, Hans

- [Marine Environmental Monitoring](#)

Chintoan-Uta, Marin

- Emergency Response Management:
- [Outcomes of the SAFER project.](#)
- [The GIO Emergency Response Service](#)

Nedelcu, Ion;

Onori, Roberta

12:30

Lunch break

14:00

State of play of GMES services (continued):

- [Security services: Outcomes of G-MOSAIC, the GMES Pilot Services for Security](#)

Onori, Roberta

- [Atmosphere service: MACC-II: activities and opportunities en-route to the GMES Atmospheric Monitoring Service](#)

Peuch, Vincent-Henri

14:45

Access to GMES data:

- [Sentinel and Contributing Missions Data](#)

Potin, Pierre

- In-situ Data

Zeug, Gunter

15:30

Coffee break

15:50

Success stories in Eastern Europe:

- [GMES success stories in Bulgaria](#)

Milenov, Kristian

- [GMES - Czech experiences](#)

Kolar, Jan

- [GMES, as an answer to a natural disaster: the example of the SAFER activation after the red mud slug in Hungary in October 2010](#)

Israel, Stephane

- [Making space for Poland](#)

Klos, Zbigniew

- [Tailing ponds monitoring in Bucovina using HR SAR imagery](#)

Serban, Florin

- [Geoportal for Biodiversity Monitoring in Protected Area](#)

Zavate, Lucian

- [Slovenian Satellite Systems and Services - SPACE-SI case](#)

Rodic, Tomaz

04.05.2012

9:00

Procurement aspects in GMES:

- [Tendering and Contracting Issues](#)

Fiorilli, Stefano

9:30

GMES Master Prize:

- [The GMES Master Prize Competition 2012](#)

Rudolph, Thorsten

9:45

How GMES will bring benefits to the NMS:

- [Introduction](#)

Aernoudt, Rudy

10:00

Round Table (part 1) Aschbacher, Josef

- [Enviros – Czech Energy consultancy: uses EO data on solar irradiation to certify investment and business plans for solar plants, as well as energy audits](#)

Bock, Stanislav

- [Bocian Research Innovation Group – Polish Biomass Production Company: uses Earth observation data to assess biomass potential of crops and environmental impacts of biomass production](#)

Bocian, Jan

- [Romanian Forest Administration: uses earth observation data to establish forest inventories](#)

Gancz, Vladimir

- Basin Directorate Danube Region – BDDR (Bulgaria): uses GMES emergency response services

Petrova, Rumeliya

11:00

Coffee break

11:15

Round Table (part 2) De May, Stefaan

- Director CBK (Poland)

Banaskiewicz, Marek

- [EUROGI – European Umbrella Organisation for Geographic Information \(Slovenia\)](#)

Vrecar, Simon

- [Advisor to the Polish EU Council Presidency on Space Policy and security matters \(Poland\)](#)

Ryzenko, Jakub

- [Senior Expert, REC – Regional Environmental Center for Central and Eastern Europe \(Hungary\)](#)

Simpson, Jerome

- [NCP FP7 Space, ReSAC – Remote Sensing Application Center \(Bulgaria\)](#)

Vassilev, Vassil

12:15

[Conclusions of the round table](#)

Hulsroj, Peter

12:30

Closing session:

- [Conclusions and closing remarks](#)

Piso, Marius-Ioan
