- The candidates whose applications rank among the best-qualified in accordance with the selection criteria (the minimum threshold is 65% of the total points), may be contacted to verify (through a video-recorded interview) their studies, professional experience and/or other knowledge and competencies as indicated in their application. This step in pre-selecting the most suitable candidates does not, however, entitle candidates to be invited for an interview.
- The best-qualified candidates, those who obtained the highest scoring within the evaluation, will be short-listed for an interview and a written test.
- Prior to the day of the interview candidates will be requested to send photocopies of all the supporting documents for their educational qualifications and employment necessary to prove that they meet the eligibility criteria. The interview will focus on the overall suitability of the candidate for the post covering motivation, relevant technical and behavioural competencies, in line with the selection criteria established in the vacancy notice.
- The Authority Empowered to Conclude Contracts will ultimately decide on the successful candidate to be appointed to the post.
- The established reserve list may also be used for recruitment of similar posts depending on the Agency's needs. Where a similar post becomes available, the Authority Empowered to Conclude Contracts may select applicants from the list according to their profile in relation to the specific requirements of the post to be filled. However, inclusion on the reserve list does not guarantee employment.
- The validity of the reserve list is indicated in the vacancy notice and its duration might be extended if deemed necessary.
- Normally, the recruitment procedure can take up to 6 months from the date on which a position is first advertised to the final offer being made.
- If, at any stage of the procedure, it is established that any of the information the candidate has provided is incorrect, the candidate in question will be disqualified.
