

Young Graduate Trainee for Space Economy

Job Req ID: 12093

Closing Date: 01 June 2021

Publication: External Only

Vacancy Type: Young Graduate Trainee

Date Posted: 18 May 2021

Young Graduate Opportunity in the Directorate of Industry, Procurement and Legal Services

ESA is an equal opportunity employer, committed to achieving diversity within the workforce and creating an inclusive working environment. We therefore welcome applications from all qualified candidates irrespective of gender, sexual orientation, ethnicity, beliefs, age, disability or other characteristics. Applications from women are encouraged.

This post is classified F1.

Location

ESTEC, Noordwijk, The Netherlands

Our team and mission

The Industrial Policy and Economic Analysis Section is in charge of:

- establishing and maintaining close relations with the Member States regarding industrial policy
- pursuing the proactive management of the geographical return objectives of the Agency through its procurement activities, and monitoring/ensuring its proper implementation
- contributing to definition of the geographical return objectives for all ESA programmes and activities
- interacting with non-member States and European institutions regarding aspects relevant to industrial policy
- assessing the economic impact of space activities, notably through socio-economic studies in collaboration with national and international organisations, in particular the OECD
- contributing to the preparation of new Agency programmes via assessments of their expected economic benefits with a view to maximising them.

Candidates are encouraged to visit the ESA website: www.esa.int/ESA

Field(s) of activity/research for the traineeship

You will be involved in:

- Analysis of the socio-economic impact of space activities and the socio-economic studies.
- Studies on various topics related to the space economy.
- Preparation of ESA's Space Economy Report.
- Organising events, such as the Global Space Economic workshops and Forum.

Education

You should have just completed, or be in your final year of a University course at Masters Level in a technical or scientific discipline. Knowledge and background in economy shall be considered an asset.

Additional requirements

You should have good interpersonal and communication skills and should be able to work in a multi-cultural environment, both independently and as part of a team.

You should demonstrate good interpersonal skills and the capacity to work both independently and as part of a team.

The working languages of the Agency are English and French. A good knowledge of one of these is required. Knowledge of another Member State language would be an asset.

During the interview motivation and overall professional perspective/career goals will also be explored.

Other information

For behavioural competencies expected from ESA staff in general, please refer to the [ESA Competency Framework](#).

At the Agency we value diversity and we welcome people with disabilities. Whenever possible, we seek to accommodate individuals with disabilities by providing the necessary support at the workplace. The Human Resources Department can also provide assistance during the recruitment process. If you would like to discuss this further please contact us email contact.human.resources@esa.int.

Please note that applications are only considered from nationals of one of the following States: Austria, Belgium, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Luxembourg, the Netherlands, Norway, Poland, Portugal, Romania, Spain, Sweden, Switzerland, and the United Kingdom. Nationals from Latvia and Slovenia, as Associate Member States, or Canada as a Cooperating State, can apply as well as those from Bulgaria, Cyprus, Lithuania and Slovakia as European Cooperating States (ECS).

Priority will first be given to candidates from under-represented Member States.

In accordance with the European Space Agency's security procedures and as part of the selection process, successful candidates will be required to undergo basic screening before appointment
